

Commitment Statement

Vision

Establish Oregon and Portland as the global sustainability leader by creating an inclusive, innovative and regenerative economy.

Create a sustainability center of excellence in Portland, and ultimately a network that reaches across Oregon, to foster collaboration and enhance our existing efforts.

Our education, business, neighborhood, nonprofit and government organizations share and contribute to this vision.

Leadership

Direct our respective organizations to participate in this effort.

Contribute thought leadership and insist on the highest standards of sustainability performance.

Engage the community about the value of sustainability leadership and its importance to our future throughout Oregon.

Excellence through Collaboration

Work together to conceive, develop and implement programs and policies necessary to realize this vision.

Participate as a partner to establish this center of excellence.

Bring together our respective resources to legitimately claim global leadership.

Commit to cooperation within our leadership community.
